## TFCF Vietnam / 2025 Dream Come True>Create and Give More Blessings

Starting in 2023, TFCF Vietnam has collaborated with the Health Bureau in Hoa Binh Province to carry out a 5-year rural medical care program focused on medical staff training, community health education, and nutritional health supplements for children.

Hoa Binh Province is located in the mountainous area of North Vietnam and has 10 administrative regions and 151 villages under its jurisdiction. According to official data, the total population of Hoa Binh Province is 1.38 million, with a 76% poverty rate. Ethnic minorities account for 74% of the population. The average monthly income is about US\$117, making it one of the poorest provinces in Vietnam.

Thanks to the good Samaritans-Dream Come True, a charitable group from Changhua County, Taiwan, for the generous gifts of hospital beds, operating tables, surgical instruments, medical storage products, and computers to the rural health centers allowed nearly 10,000 poor people in the

most remote and deprived areas, Da Bac, Yen Hoa, and My Thanh, of the mountainous Hoa Binh Province to receive treatment in a better medical environment. It is worth mentioning that Dream Come True began supporting other TFCF overseas branches many years ago and has extended its heartfelt contributions to Vietnam to benefit more children and families in need.

As TFCF looks back on its footprint across Vietnam, the successful Dream Come True event in 2025 is a testimony to the creativity, compassion, and dedication to community services of TFCF Vietnam.

Special thanks to all the sponsors for their generous donations. The rural medical program supported by the Dream Come True has brought joy, love, connection, and inspiration to local children and their families. TFCF welcomes collective resources to bring real-life changes to children's protection and education.

## TFCF Kyrgyzstan / The Hand That Wipes Away Every Tear

Child sponsorship is a way for sponsors to build a personal connection with children in need. It shows the love and kindness of a caring sponsor to a child in poverty. Monthly sponsorship goes towards the sponsored child's nutrition, education, healthcare, etc., and their families.

Sponsors not only provide financial support but also provide care, interaction, and companionship to children emotionally. Sponsors play a significant role in connecting children with the resources they need to grow. Monthly donations and regular correspondence for sponsored children bring them confidence and positive influences in their lives.

Through handwritten letters and photos, TFCF Kyrgyzstan builds connections and influence across the globe and allows sponsors to witness the growth and impact of the sponsored children. Every child in the sponsorship program has a unique life story. TFCF Kyrgyzstan and other branches strive to develop those stories and build deeper relationships and meaningful connections with their sponsors.

Joining a sponsorship is a concrete step to ensure more children live in hope and to encourage them to embrace opportunities in the future!

## TFCF Eswatini / Small NCP, Big Love

The Neighborhood Care Point (NCP)-335 was established in 2008 by three women who were compassionate about helping children vulnerable to malnutrition.

Children in many villages went to school on an empty stomach. Mrs. Hlophe, one of the three women, was a health motivator in the community. She cooked under a tree every day except on rainy days, and the children stood in line for food after school.

Water scarcity and limited access to clean water are always challenges in areas like Monzini. In 2017, TFCF Eswatini built a water borehole well to solve this problem and started to provide monthly sponsorship for balanced meals at least 5 days a week to meet the children's needs.

The NCP-335 has recently opened a preschool with 15 children enrolled. One of the caregivers said, "It's not an easy journey, but the passion that drove us to help children back in 2008 keeps us going, even when facing challenges".

Villagers cherish all the support TFCF Eswatini has provided. The facility is in good hands, and they will use the natural resources carefully and wisely. TFCF Eswatini is always there to support and bring hope and positive change to those in need.

## TFCF Philippines / Life Saving Food

TFCF Philippines has been conducting the Family Support Program for three consecutive years, especially in Balangay Addition Hills, Mandaluyong City.

On March 15, 2025, TFCF Philippines held the first quarterly distribution event in Mandaluyong City. TFCF Philippines served 503 families as program beneficiaries and provided each sponsored family with one bag of rice (25 kg).

Food and living supplies in each season greatly relieve low-income families and victims of disasters with

basic living necessities to ensure their health and well-being.

Disasters cause poor people to lose the assets on which they depend for survival. The disaster impacts usually lead to cycles of losses and poverty traps. TFCF Philippines directs resources and services of medical, burial, and financial assistance for all people, especially those in vulnerable situations, to recover from disasters and emergencies.

## TFCF Mongolia / Empowering Families for a Brighter Future

### Tough Times Don't Last, Tough Teams Do!

When the right people come together, great things happen! TFCF Mongolia works with other organizations to share resources and leverage strengths with each other. Working with selected partners, TFCF Mongolia unlocks new opportunities and improves problem-solving skills.

In 2025, TFCF Mongolia began a livelihood support project, Stronger Together, with World Vision International in Songinokhairkhan and Bayanzürkh, two of nine districts of the Mongolian Capital of Ulaanbaatar. It is a one-and-a-half-year project to provide entrepreneurship and life-planning assistance to 22 families. A total of 40 parents and 107 children in the TFCF Mongolia service communities in Songinokhairkhan and Bayanzürkh benefited.

The training includes courses like personal development and planning, children's education, financial management, risk management, entrepreneurship, etc. It becomes a powerful impetus for parents to take action for positive changes in their lives with foreseeable consequences. For their tomorrow, we gave our today!
