陪著孩子 繼續向前行

回首一步一腳印走過的 69 年足跡，有你的參與，一起承載了孩子的未來與成長，感謝每一位認養人與捐款人這些年與家扶基金會一同走過的每一步，穩定踏實又深刻，作為我們最堅強的後盾，讓我們可以在海內外為有需要的家庭及兒少提供最到位、最暖心、最貼近他們需求的服務，為他們的生命翻開下一個篇章，帶著勇氣繼續向前行。

秉持著「哪裏有需要，家扶就在那裏」的精神宗旨，透過及時的幫助、社工的專業，2019 年我們在菲律賓設立第 7 個海外分事務所，以「學習補充」、「營養改善」及「醫療衛生」三大服務方案，提供當地兒少與家庭最直接的關懷與協助。在國內，我們的服務也不斷嘗試與創新，家扶第一家社會企業餐館「1950 TABLE」在基隆開張，為我們扶助家庭及自立青年創造就業機會，透過每一雙曾經接受過幫助的手，料理出幸福又美味的餐盒，朝穩定及自立生活前進。

董事長

趙犁民

我們也首次跨域服務，接受臺中市政府委辦，設立第一所非營利幼兒園「臺中市大里非營利幼兒園」，落實讓經濟弱勢及特殊需求的幼兒優先收托，透過幼兒教育與社工專業的融合，讓幼兒能獲得妥善的保護照顧及充分受教育的機會。北台北家扶中心也成功轉型服務為「台北青角」，跳脫出舊有的的架，提供青少年一個秘密角落，更貼近青少年需求，透過陪伴的力量，陪著他們找到自己的興趣與天賦。

「經濟扶助」與「兒童保護」是家扶服務的兩大核心重點，循著核心延伸許多服務方案，2019 年本會提供國內兒童與家庭經濟扶助、兒少保護、家庭處遇、親屬 / 寄養 / 機構安置等服務方案，全年受益的家庭及兒童人數約 4 萬 1,618 戶、7 萬 6,895 人。感謝有你的參與，陪著我們勇往直前、不畏艱難帶著不變的初衷與承諾，為弱勢兒童與家庭帶來更美好的未來與生活，這是家扶的責任與使命，更是有你有我一起陪著孩子繼續向前行的動力。

Keep moving forward with children together

Looking back over the past 69 years, we have seen most of children grown up with a better future because of your participation. Thanks to every sponsor and donor who supports us day to day and you are the backbone of TFCF. Thank you for giving us opportunities to provide great services for all children, youth and families in need in Taiwan and abroad. We will keep moving forward with children together.

In order to adhere to the spirit of our mission, Where there is a child in need, there is TFCF, we established the 7th overseas branch office in Philippines in 2019. We provide local children and families with the most direct care and assistance through three major service programs, including learning supplements, nutrition improvement, and sanitary & medical services. In Taiwan, our services are constantly innovating and changing. TFCF's first social enterprise restaurant "1950 TABLE" opens in Keelung and offers our assisted families and self-reliant youth job opportunities.

Furthermore, we first deployed and implemented a cross-domain service and were commissioned by Taichung City Government to establish "TFCF Dali Non-profit Kindergarten". It gives priority enrollment to children with economic disadvantage or special needs, and

integrates the profession of children education and social work and allows young children to receive proper protection, care and full educational opportunities. TFCF Northern Taipei City Branch Office has also successfully transformed into Taipei Youth Corner Branch Office which provides a brand new innovative framework and dedicates service for youth people. We create a cozy corner for young people to meet their needs. Through the power of companionship, we accompany them to find their interests and talents.

Livelihood Supports and Child Protection are our two main leading programs as TFCF core components. Most of services are developed and extended along the core components. In 2019, we provided services for domestic children and families, including financial assistance, child protection, family treatment, relatives/foster care/institutional placement etc. and the number of families and children who benefited throughout the year was about 41,618 households and 76,895 persons. Thank you for your participation to accompany us to move forward bravely. Without fear of hardship, but with the same original intention and commitment, we keep bringing a better future and life for vulnerable children and families. It is the responsibility and mission of TFCF, and you are the key person who encourage us to keep moving forward with needy children.

兒童及少年保護服務 Child/Youth Protection Program

兒童少年是國家發展的重要人力資源，提供兒少安全的生活環境，確保其健康成長，不僅是每一個家庭的責任，也是國家與社會責無旁貸的工作。家扶基金會自 1987 年開始於國內推展兒童少年保護服務，從倡導、政策立法、設置兒童保護熱線、提供救援輔導服務等，建構我國兒童少年保護服務的模式與內涵。

家扶 2019 年深入輔導協助 2,665 戶 3,449 名遭受虐待的兒童及少年，相較往年，仍呈現增加的現象。這些因遭受虐待而在社會角落暗中哭泣的兒童少年，不僅需要政府持續的正視、社福機構的專業服務，更需要社會大眾共同關懷與守護，協助他們走出傷痛與陰霾。

Children and adolescents are a great asset for contributing to national development. Providing children with a safe living environment and ensuring their healthy growth is not only the responsibility of every family, but also the unshirkable work of the nation and society. Since 1987, TFCF has promoted the protection services of children and adolescents in Taiwan and established the national mode and content of Child and Youth Protection Services with various activities like advocacy, legislation, launching Child Protection Hotline and providing rescue counseling services.

In 2019, we provided counseling services for 2,665 households and 3,449 abused children and youths. Compared with previous years, there was still an increase. In order to protect our children and youth, not only do they need the government's constant attention and the professional services of social welfare organizations, but also they need the common care and guardianship of the public to help them get rid of the pain and fear.

寄養安置個案年齡分布 Child / Youth in Foster Care by Age

寄養安置服務是兒童少年福利中替代性服務之一，當兒少之父母罹患嚴重疾病、入獄；或照顧者不適任親職、虐待兒少或疏忽照顧時，透過政府公權力的介入，家扶協助安排適合的寄養家庭，作為提供兒少一個有計畫期間的替代性照顧，當原生家庭恢復應有的功能、或找到願意收養的家庭，兒少就會結束寄養安置服務。

Foster care placement service is one of substitute care services in the welfare of children and adolescents. When parents of children suffer from serious illness or in jail, or when the caregiver is unfit for parental duties which causes the occurrence of child abuse and neglect, TFCF works with Government and selects appropriate placement matching with a foster family for the child/youth. The foster child/youth will leave from the foster family either entering into an adoption or returning to his/her biological family while the family functions are rebuilt.

親屬安置服務

Relative Placement Service

親屬安置是一種家庭式的替代性服務，當兒少原生家庭發生重大變故，沒有辦法再照顧、養育兒少時，或兒少不適合繼續住在原生家庭裡，經由政府單位進行專業評估後，優先考量將兒少安置在適當的親屬家庭裡，由親屬接受照顧、養育及保護。

Relative placement is a family-based substitute care service, especially when there is a major change in the native family, and the family fails to take care of or raise children, or the child is not suitable to continue to live in the native family. After a professional evaluation by the government unit, the first priority is to consider to place children in appropriate relatives' families who will take care of them, nurture and protect them.

發展遲緩兒童早期療育服務

Early Intervention Program for Developmental Delay Children

發展遲緩兒童有別於身心障礙兒童，若能「早期發現、早期治療」，將可減低未來障礙的程度，特別是 3 歲以前為黃金療育時期，其 1 年療育之成果相當於 3 歲以後 10 年的療效。

為幫助發展遲緩兒童能夠在發展關鍵時期獲得妥善的治療與照顧，家扶於 1992 年開始正式投入發展遲緩兒童早期療育服務的行列，結合社會福利、醫療、教育等專業人員，組成跨專業團隊，依據兒童及家庭需求，訂定個別化服務計畫，讓兒童獲得適切的療育服務，協助家長獲得親職教養及兒童療育等相關知能，期許 6 歲以下之兒童能透過療育服務，展望不一樣的未來。

Children with developmental delay are different from those with physical and mental disabilities. Both early identification and early treatment are possible to reduce barriers of child health and other systems of body, especially before the age of 3 is the golden period of treatment. There is an efficacious improving outcomes of early intervention with 1 year treatment by targeted under 3-year-old children which is shown to have equal clinical efficacy with 10 years treatment outcomes by targeted above 3-year-old children.

In order to better assist developmental delay children to receive in time care during critical period, TFCF has started Early Intervention Program since 1992. We integrate professional people from social welfare groups, medical teams, and teachers into specific, proper and completed services. According to the needs of children and families, we provide individualized service plans to allow children to receive appropriate treatment services, assist parents to obtain relevant knowledge of parenting and child treatment, and hope that under 6 years children can have a better outlook and future through the treatment services.

不幸少女安置服務 (含緊急短期安置)

近年來，社會急遽變遷，再加上科技與媒體迅速發展與傳播，易引發兒童少年偏差行為，嚴重影響兒童少年的身心發展。故為了防治兒少成為性交易或性剝削的對象，家扶於 1996 年開始接受政府委託辦理「不幸少女緊急暨短期收容中心」。

安置對象通常是經由社政主管機關或警察機關查獲從事性交易，或有從事性交易之虞的少女，其影響是多元且複雜的，為協助這些不幸少女，家扶提供住宿服務與安全保護、生活輔導與教育、醫療服務與衛教輔導、家庭關係重建與輔導、心理輔導與治療等服務內容，期待可以幫助她們療傷止痛，重建其對未來生命的希望。

非行少年司法轉向安置輔導服務

為協助非行少年能經由社區處遇模式導正其行為，並使其犯行免於在矯治機構中標籤烙印之影響，透過開放及信任的生活環境，安排多樣化課程教育與輔導活動，以激發其正向行為。

目前家扶於南投、雲林、花蓮中心均辦理此項業務，提供食宿照顧、課程安排、技能指導、家庭訪視輔導、個別及團體輔導、社會服務、休閒活動等服務內容，希望藉由環境的變換，讓少年能脫離原來誘使其犯罪的相關事物等情境，再藉由改變少年的生活習慣，建立一套比較有秩序的生活模式，使少年有一正常生活作息之後，再慢慢影響少年的品德與價值觀。

Emergent and Short-Term Placement Service for Needy Teenager Girls

With technology rapidly transforming human society in recent years, the caring function of families is extremely challenging and the influence of the technology and media on the psychosocial development of children and youth is profound. Since being entrusted by our government in July 1996, TFCF has started to operate the emergent and short-term placement service for needy teenage girls in order to prevent them from becoming targets of sexual transactions or sexual exploitation.

They are rescued from the sex trade by Social Affairs Authority/Police and referred to us to prevent the involvement in the sex trade. We provide the service for them, including accommodation service and security protection, general counseling and education, arrangement of medical services and health education counseling, reconstruction and counseling of family relationships and psychological counseling, mental trauma counseling and treatment.

社區興力計畫 Community Service Program

「培育一個孩子，需要一整個村莊的力量。」隨著社會人口趨勢變遷及服務在地化，家扶發展出多元的社區服務方案，服務設計從社區現象與需求出發，並同時著重在地特色，2013 年起，家扶整合各類型服務經驗，興辦「社區興力計畫」，更有策略與方法持續扎根於社區。

2019 年總計有 40 個社區興力計畫，服務場次有 3,470 場、服務 92,178 人次。社區興力計畫的推動，讓兒少在社區裡的幸福有了更多實現的可能！

An African proverb: "It takes a village to raise a child" is true. With the change of social demographic trends and the localization of services, we have developed diverse community service plans and encouraged local people's participation in our service. The service design starts from community phenomena and needs, and focuses on local characteristics. Since 2013, through TFCF program, children in the community have benefitted greatly by our services which will keep being rooted in the local communities.

In 2019, we proposed 40 community service plans in total. 3,470 sessions were held and 92,178 cumulative attendances of community service were recorded.

雲林家扶中心「台西希望教室」 Hope Classroom by TFCF Yunlin Branch

台西希望教室於 2016 年成立，在社區提供兒少課後輔導以及才藝學習服務，才藝課程以烏克麗麗為主，除了培養台西兒少的興趣、充實自我外，也能在興趣中發展出自己的專長，提升兒少藝術氣息，也藉由表演機會，增進兒少自信心。

南投家扶中心「仁愛鄉卡度部落社區服務」 After-Class Tutoring by TFCF Nantou Branch

南投家扶中心於仁愛鄉中正村卡度部落辦理兒童課後照顧班，因部落較偏遠，社區居民多從事工時長的工作，導致在照顧子女生活與課業較為受限，故課後照顧班除協助兒童課業學習外，也在課程中規劃音樂課、體驗教育、舞蹈課等，培養兒童休閒興趣，讓兒童能夠培養正向態度與專長，減少其在外遊蕩而產生偏差行為的風險。

南台中家扶中心「拉拉門社區家長劇團」 Parents Drama Club by TFCF Southern Taichung City Branch

拉拉門劇團於 2018 年成立，目前團員約有 10 幾位媽媽成員一起學習戲劇、分享家庭故事。期盼透過戲劇走進社區，邀請社區民眾觀賞戲劇與互動，同時進行家庭親職教育、兒少自我保護等宣導工作，將「愛與關懷」的態度帶進家庭。

國際兒童服務

Foreign Children Sponsorship Program

家扶基金會自 2017 年導入聯合國 SDGs (永續發展目標) 作為國際服務輸送架構後，以此接軌國際援助標準，專注落實指標發展於各項服務方案中，透過「在地性」與「適切性」的服務計畫，提供國際兒童與家庭安全健康的成長環境。

Since 2017, Taiwan Fund for Children and Families (TFCF) has adopted the United Nations SDGs as the framework to deliver international services. International aid standards are implemented into various services. Local and adaptive plans aspire to offer a safe and healthy environment for foreign children and families.

「我想去上學」一句看似平常的話，但卻也是貧困兒少很難實踐的事情。教育一直是貧困兒少邁向脫貧的重要一環，但有許多國家卻因文化及政策上的限制，讓兒少在教育上面臨到許多困境。

在越南，女孩 10 歲要下田工作、養家糊口，15 歲準備要步入婚姻、成為人妻，22 歲已休學也是 3 個孩子的媽，當地深覺女孩是未來夫家的勞動人口，為什麼需要投資教育在她身上？甚至是男孩，如果他有能力工作，成為家中的一個收入，為什麼要讓他念書變成家中的支出呢？

生活在貧窮線下的家庭，每日的支出就是主要的壓力來源，一旦繳不出來時，更不用說要給予孩子們的教育費，全家的生活和安全直接受到衝擊，再加上教育資源的缺乏及不足，孩子上學的路真的很不容易。

因此家扶基金會在 2019 年協助海外 7 個直扶國家 1,323 名兒少、25,599 份的學習補充資源，提供兒少個人學用品、學校制服、衛生用品等，亦提供補充性的知識教育，讓扶助兒少在學

校不會被歧視，並提高就學意願，進而減少輟學比率，穩定升學。

除了學習補充、能力建構方案外，為培養兒少才藝專長，2019 年共計 596 名兒少參與才藝培育課程，提供語言（英文、俄文）、體育（足球）、藝術（美術、舞蹈、武術、音樂）等，建立兒少學習態度、增強其信心與責任感。由於開發中國家課外讀物取得不易、購買價位高，家扶為培養兒少閱讀習慣，補充兒少讀物並舉辦閱讀活動，2019 年共計 8,291 人次參與閱讀方案。

能力建構方案中，依照各國兒少年齡層和文化需求發展不同服務和規模，提供課後輔導、營隊活動、青年構力、親職教育、學校育幼院、在地志工培育、才藝培育及閱讀方案等，2019 年在蒙古、吉爾吉斯、史瓦帝尼、越南、柬埔寨、約旦共計有 2,762 人參與這些方案、6,566 人次受益。

透過不同方案的執行，期待讓扶助兒少可以安心順利求學、擁有更多機會找尋自己的舞台。

Going to school may sound simple, but it's difficult for many poor children and adolescents. Education has always been a key component to poverty alleviation. Due to cultural or policy limitations, though, many children and adolescents encounter challenges in education.

In Vietnam, girls start farming and support their families at 10, and get ready to marriage at 15. By the age of 22, they have often dropped out of school, and become mothers of three. When people widely regarding girls are future labors for their in-laws, why would they invest in her education? When boys can become family income sources, why is it necessary to spend more on education?

For families below poverty lines, pressure comes from daily expenses. When livelihoods and financial security are under threat, education is marginalized. With insufficient resources, education often becomes a distant dream.

In 2019, TFCF offered 25,599 packages of learning resources to 1,323 children and adolescents in seven foreign countries, including school supplies, uniforms, and sanitary

productions. Complementary education can avoid discrimination, reduce dropout rates, and continue their studies.

In capacity building plans, we provide after-school care, activities, empowerment, parental education, volunteer training, talent classes, and reading programs, according to different age groups, cultural needs, service levels, and scale. In 2019, 2,762 people participated, and 6,566 people benefited from these plans in Mongolia, Kyrgyzstan, Eswatini, Vietnam, and Cambodia.

To develop personal interests, 596 children and adolescents participated in talent classes in 2019, such as language (English, Russian), and sports (football), art (dance, martial arts, music). It builds up their learning attitudes, confidence and sense of responsibility. In developing countries, extracurricular reading materials are in short supply and expensive. TFCF offers reading materials and organizes activities to encourage reading habits. In 2019, 8,291 people participated in reading plans.

These plans hope to continue their education process, take advantage of opportunities, and expand their future.

生計改善

Livelihood Improvement

水電費、飲食、房租、兒少教育學雜費等，這些每天必須的支出，對於生活在貧窮線下的家庭來說，經濟壓力真的非常大。家扶透過每月提供扶助金或物資，讓家庭在龐大的經濟壓力下有喘息空間；透過社工人員定期的家訪，給予家長情緒支持，也藉由諮商技巧找出家庭的優勢，鼓勵家長穩定就業、提升家庭經濟收入，讓孩子有更好的生活條件。

2019 年，家扶在蒙古、吉爾吉斯、史瓦帝尼、越南和約旦，依照各國家庭狀況和文化提供 14,789 戶次所需物資。並結合各國文化特色，培養扶助家長職業技能培訓、學習一技之長，增加家庭收入進而早日邁向脫貧；在吉爾吉斯有 20 位家長參與紀念品手作班和公益旅棧營運，更透過特色方案 - 牲性不息，藉由家庭的農畜專長，用牲畜生產循環，讓更多擁有此專業的家庭獲得生財工具，減緩家中一般民生物資的負擔；柬埔寨共 30 位家長參與清潔家務班，約 4 成家長在培

訓後取得工作機會，改善家計；約旦職業培訓則是以家長及手足為培力對象，參與美容美髮班約 1,760 人次、木工班約 710 人次。

在居住安全上，協助 92 戶家庭整修或重建住所，其中蒙古包圓夢計畫，提供 13 組的蒙古包給有需要的家庭，另有 7 戶提供蒙古包所需要的零件，以改善家庭住宿品質；在吉爾吉斯共計提供 37 戶家庭修繕；越南慈善屋方案，針對損壞嚴重的家庭進行修繕或重建，讓家庭有更安全的居住環境，共計訪視評估 11 戶家庭，其中完成了 9 戶家庭的房屋整修或重建。

對貧困家庭來說，突發性的急難事件，會讓貧困家庭經濟雪上加霜，包含緊急醫療、喪葬、天災、重大意外事件等，家扶在第一時間提供支持與協助，與家庭共度難關。2019 年共有 299 件，與 2018 年相比依然以醫療案件為首要需求，這也突顯醫療服務方案在各國家的重要性。

Utility bills, food, housing, education and other daily expenses create a lot of economic pressure to families below poverty line. TFCF provides cash or supplies each month, so they can survive amid seemingly insurmountable economic pressure. Social workers visit regularly to offer emotional supports to parents, and identify potentials in these families with consultation techniques. They encourage parents to find long-term employments, enhance economic conditions, and improve life for their children.

In 2019, TFCF prepared supplies for 14,789 households in Mongolia, Kyrgyzstan, Eswatini, Vietnam, and Jordan, based on their family conditions and culture. Combined with cultural features in each country, vocational trainings help many parents increase family incomes and move towards poverty alleviation. In Kyrgyzstan, 20 parents participated in souvenir making and hostel operation classes. Through our special livestock programs, families with farming skills acquire new income sources, and

support some daily needs. In Cambodia, 30 parents participated in household cleaning classes, in which 40% secure job opportunities afterwards. In Jordan, vocational training focuses on parents and siblings. About 1,760 people participated in hairdressing classes, and 710 people in carpentry classes.

For housing safety, we repaired or reconstructed residential units for 92 households, including 13 yurts and necessary yurt components to additional 7 households. In Kyrgyzstan, we repaired for 37 families. Housing support program in Vietnam repaired or reconstructed for badly-damaged families. We visited 11 households, and completed 9 units.

For poor families, emergencies, such as medical care, funerals, natural disasters, and major accidents, exacerbate their economic conditions. TFCF provides in-time assistances to help them go through these challenges. We handled 299 cases in 2019. Compared to 2018, medical need is still the priority. It also demonstrates the importance of healthcare plans in these countries.

營養與醫療服務

Nutrition and Medical Services

根據聯合國兒童基金會 2019 年研究報告指出，全球有三分之一的五歲以下兒童仍然無法獲得其成長所需的營養，其中 1.49 億兒童發展遲緩、近 5,000 萬兒童處於消瘦狀態、更有 3.4 億兒童面臨維生素及礦物質缺乏。

在開發中國家的糧食安全是非常嚴重的議題，尤其在偏鄉地區，取得食材的管道不多、價格差異大，貧困家庭僅能以最經濟廉價的方式取得食材，因此也影響兒童所攝取的營養並不均衡，導致出現貧困家庭兒童體重過輕或過重、身高低於平均值的情況。

為解決這個問題，家扶擬定營養改善方案，以補充貧困家庭糧食來源、改善兒童營養均衡議題。2019 年家扶在七個海外直扶國家發放了 13,950 份食物包，以及超過 24 公噸的白米、近 316 公噸的麵粉、超過 31,592 公升沙拉油、近 17,160.4 公升的牛奶、4,799 份營養品。未來家扶也會挹注更多的評估指標，可以依據扶助兒童不同的營養需求，提供合宜的營養品。

2019 年史瓦帝尼家扶中心協助當地 9 個社區、學校修繕廚房，並在 1 個學校建造廚房，在社區廚房增建合適的廁所與遊樂設施，讓孩子們在社區內有良好的用餐、學習與遊樂環境。在史瓦帝尼當地使用大釜(Cauldron) 柴燒的方式煮飯是很普遍的，而品質好的大釜十分厚重，價錢也相對較高，史瓦帝尼家扶也協助 22 個社區替換爐具、桌椅、餐具等，讓社區能穩定提供餐食給孩子。在柬埔寨家扶中心，今年也首次與交通大學、大安高工、義築協會合作，協助柬埔寨奧多棉芷省 DPC 小學建造學生餐廳暨多功能空間，提供 572 位學校師生使用。

家扶基金會提供營養改善方案之外，為因應開發中國家醫療資源缺乏、扶助家庭在就醫上的困境與不便，在蒙古、吉爾吉斯、越南及柬埔寨家扶中心皆有提供醫療服務，將醫療資源送到偏鄉社區，同時也舉辦衛教宣導講座，提升當地居民衛生保健的觀念，也助於改善社區居民的健康。

According to a report by UNICEF in 2019, up to one-third of children under five worldwide are not able to receive sufficient nutrition, including 149 million children in developmental delay, nearly 50 million underweight children, and 340 million children with insufficient vitamins and minerals.

In developing countries, food security is a major issue, especially in remote areas. With limited food sources and fluctuating prices, poor families can only access food in the most economical ways. Nutrition intake among children is unbalanced. Many children in poor families are either underweight or overweight, and their height are often lower than average.

To resolve this issue, TFCF designs nutrition improvement programs to offer food sources and balanced nutrition for poor families. In 2019, TFCF delivers 13,950 food packs in several countries, as well as over 24 tons of rice, nearly 316 tons of flour, over 31,592 liters of cooking oil, 17,160.4 liter of milk, and 4,799 nutritional supplements. In the future, TFCF will design more evaluation indicators to provide suitable nutrition supplements based on individual needs.

In 2019, TFCF support nine communities and schools in Eswatini to repair kitchens, builds new kitchen in one school, adds toilets and leisure facilities in community kitchens, so children can have better dining, learning and play environments. It is common in Eswatini to cook with cauldrons. Quality cauldrons are heavy

and expensive. TFCF replaces stoves, tables, chairs, and cookware for 22 communities in Eswatini, so they can regularly offer food to children. In Cambodia, TFCF works with National Chiao Tung University, Taipei Municipal Da-An Vocational High School, and Association of Humanitarian Architecture for the first time this year. We build cafeteria and multi-functional space for DPC elementary school in Oddar Meanche Province, Cambodia for 572 teachers and students.

Besides nutrition improvement programs, TFCF also responds to insufficient medical resources and accessibility in developing countries. In Mongolia, Kyrgyzstan, Vietnam, and Cambodia, TFCF offers medical services, delivers medical resources to remote areas, and organizes health seminars. It improves health awareness and conditions in these communities.

水資源與衛生 Water and Sanitation

水資源
約造福 7,333 名居民 / 54 戶家庭
Clean Water
Benefited 7,333 residents and 54 households

打開水龍頭就有乾淨的自來水，看似再平凡不過的事情，對許多國家來說卻是奢侈，不僅是日常生活用水不足，乾淨安全的飲用水更是十分缺乏。根據世界衛生組織數據顯示，全球至少有 20 億人使用的飲用水受汙染，也因為沒有乾淨的水資源，受汙染的飲用水估計每年造成超過 48.5 萬例腹瀉死亡。

家扶基金會自 2004 年開始在蒙古服務，蒙古中心今年興建了 2 座鑿井供水站，造福社區約 6,094 位居民，15 年來在烏蘭巴托市和中央省共計興建 23 座供水站，超過 61,000 名居民受益；今年更有別以往蓋了第一座智能供水站，取代傳統有時間限制且需固定人力管理供水站的方式，是以一個 24 小時自助供水站的概念，確保社區居民可以獲得乾淨的飲用水。

而在史瓦帝尼今年共修復 5 座供水站，並新設 1 座供水站，另外提供 17 個認養社區相關軟體設施，共計有 667 位居民受益。

公共衛生
約造福 332 人 / 450 戶家庭
Sanitation Program
Benefited 332 people and 450 households

根據 UNICEF(聯合國兒童基金會) 的資料顯示，在越南仍有超過 25% 的偏鄉兒少人口無法使用乾淨且穩定的日常用水，因此為改善越南永隆省扶助童的居住環境及飲水問題，越南中心乾淨飲水計畫，協助 35 戶家庭安裝連網自來水系統、19 戶裝設儲水塔，本計畫總受益共計 54 戶。同時在柬埔寨中心今年也協助奧多棉芷省 DPC 小學濾水器設備，受益人數 572 人。

在公共衛生方面，家扶寮國認養專區小學透過認養人捐款，協助施作校園洗手間，提供 200 位學生使用。在柬埔寨中心搭配淨水系統濾心替換為學生開展 4 次的正確洗手教學活動，共計 132 人參與；衛生教育於金邊市區共計 8 次衛生教育講座，共 250 戶參與。菲律賓中心也提供社區環境衛生宣導與改善計畫，共計 200 戶參與。

家扶積極投入水資源供水設施及宣導公共衛生教育觀念，期待各國孩子與居民都能在乾淨、健康、安全的環境下生活成長。

Clean tap water seems simple, but it is still a luxury to many countries. Water for daily uses, including clean and safe potable water, is highly insufficient. According to World Health Organization statistics, at least 2 billion people worldwide are drinking contaminated water. Without clean water resources, it's estimated that over 485,000 cases die because of diarrhea each year.

TFCF started its services in Mongolia in 2004. We built two wells this year to benefit 6,094 residents. Over the past 15 years, 23 water stations have been built in Ulaanbaatar City and Töv Province to benefit over 61,000 residents. The first smart water station was established this year to replace traditional stations that were time limited and required manual management. It can provide 24 hours self-service to ensure clean drinking water for community residents.

In Eswatini, we repaired 5 water stations and built 1 new station. We also adopted 17 community software infrastructure that benefited 667 residents.

According to UNICEF data, over 25% of children and adolescent populations in remote

areas in Vietnam were without clean and stable water sources. To improve living environment and drink water conditions for children we support in Vinh Long Province, Vietnam, we installed connected tap water systems in 35 households, and water tanks in 19 households. 54 households benefited in the process. Our center in Cambodia also installed water filters for DPC elementary school in Oddar Meanche Province this year, and benefited 572 people.

Regarding sanitation program, in the TFCF adopted elementary school, we use donations to build toilets on campus for 200 students. Our center in Cambodia initiated 4 handwashing campaigns for students, along with changer filters in water supply systems. In downtown Phnom Penh, we organized 8 health education sessions, and 250 households participated. Our center in the Philippines also offered community health and improvement campaigns for 200 households.

TFCF actively invests in water supply systems and public health campaigns, and we hope children and residents in various countries can live and grow up in a clean, healthy, and safe environment.

「平行世界」 裝置藝術特展

世界很大，遼闊得沒有邊際；地球很小，渺小的像一個村莊。「平行世界」如同發生在這個世界上的各種議題，看似與在台灣的你我無關，卻真切發生在地球的另一端。

2019年暑假尾聲，家扶基金會透過裝置藝術策展，結合東海大學工業設計系同學發揮創意，設計出獨樹一格的裝置藝術，讓民眾用平行視角，體驗不同國家與地區文化的「教育學習」、「居家安全」、「飲水與公衛」及「醫療與營養」，讓台灣民眾了解國際地球村弱勢家庭及兒童所面臨的生活困境與阻礙。

全球每五秒就有一個孩子因為飢餓而死亡，更有許多孩子餓著肚子睡覺，當家庭環境受限，連吃飽都很困難，更遑論可以顧及營養。在台灣，乾淨水源的取得從來不是難題，衛教觀念更是從小建立培養；但平行世界的另一端，因為沒有乾淨水源，健康受到威脅，甚至許多開發中國家，大多數居民都直接飲用不乾淨的生水，也因沒有廁所，有極多民眾經常有隨地便溺的現象，水源與環境的汙染，進而造成許多居民生病。

「安全的住所」是生活的基本需求，也是家人情感聯結與個人安全感的主要來源。根據家扶基金會的統計資料顯示，在蒙古有33%的居民住在品質不良有倒塌可能的舊房、用廢材料蓋的平屋或是長年住在不保暖或不完整的蒙古包裡。在越南湄公河附近則是長期飽受大自然的風災、水災侵襲，有84%的居民房屋隨時有被淹沒、損壞和被摧毀的可能。

走進「平行世界」，體驗不同國家的挑戰，看見許多生命的韌性。這也是家扶基金會堅信國外貧童扶助工作不能停止，因為世界地球村，愛真的是無所畏「距」，讓每個孩子的生命都有可以被改變的機會。

“Parallel World” Art Installation Exhibition

The world sometimes feels large and borderless, and sometimes feels small like a village. Many issues happening in the world may seem irrelevant to people in Taiwan, but they are critical in another part of the world.

At the end of summer vacation in 2019, TFCF worked with industrial design students in Tunghai University to design creative and unique art installations. The exhibition offered a parallel perspective to observe education, housing safety, water and public health, and medical and nutrition issues in various countries and cultures. It informed people in Taiwan about challenges and obstacles for disadvantaged children and families worldwide.

A child dies with starvation every five seconds around the world, and many children go to bed hungry. When resources are limited, having a full meal is difficult, let alone balanced nutrition. In Taiwan, clean water access is never an issue, and health awareness is built young. However, in the world in parallel, people do not have access to clean water, and health is threatened. In many developing countries, people drink unclean and uncooked water. Without proper toilet systems, people get sick with contaminated water and environment.

Safe housing is also fundamental to life, familial bonds and personal sense of safety. According to TFCF statistics, 33% of residents in Mongolia live in dangerous old buildings, houses built with mill wastes, or incomplete yurts. In Mekong River basin in Vietnam, 84% of housing is prone to damages by typhoons or floods.

In the world in parallel, we witness challenges around the world and resilience in life. TFCF believes our support to deprived children abroad should continue. In this global village, our love can go beyond border, and every life deserves a chance for change.

“Ripples: One Photo, One Story” A Photography Exhibition that Influences Life with Love

What can children teach us in their life journeys? What can we leave for our children?

In “Ripples: One Photo, One Story” photography exhibition, TFCF captured various life stories influencing with love. It included photography works by our partners and children since 2004 in Mongolia, Kyrgyzstan, Eswatini, Vietnam, Cambodia, Jordan, and The Philippines. These images revealed local cultures, customs, lifestyles, and perspectives. TFCF participants and partners documented precious stories and moments. This exhibition also demonstrated how TFCF, for more than 60 years, developed professional social work services and values with experiences in Taiwan.

Every photo showed how TFCF staff guided children in the change process. Each of us could create ripples. By showing photos and sharing stories, we could continue these ripples and create more life stories influencing with love.

「漣漪：一張照片，一個故事」 用愛影響生命的攝影展

孩子成長中的生命歷程，他們教會我們哪些事？我們又可以留下些什麼給孩子？

每一張精彩的照片反映了家扶工作同仁是如何一步步地引導孩子們去改變的故事。我們每一個人都可以是一道漣漪，照片的呈現、故事的分享都可以讓漣漪延續，創造更多用愛影響生命的故事！

INDEPENDENT AUDITORS' REPORT

The Board of Directors
Taiwan Fund for Children and Families

Qualified Opinion

We have audited the accompanying financial statements of Taiwan Fund for Children and Families (the "TFCF"), which comprise the balance sheets as of December 31, 2019 and 2018, and the statements of income and expenditure, changes in net value and cash flows for the years then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the TFCF as of December 31, 2019 and 2018, and its financial performance and its cash flows for the years then ended in accordance with the Foundations Act, the National Social Welfare Consortium Accounting and Financial Reporting Standards, the Business Entity Accounting Act, and the Regulation on Business Entity Accounting Handling, the provisions relating to the preparation of financial statements and generally accepted accounting principles.

Basis for Qualified Opinion

As addressed under note 4(1) to the accompanying financial statements the cash balances of foreign bank accounts were not reevaluated with the spot rate of December 31, 2018, but only at the historical rate.

We conducted our audits in accordance with the Regulation Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are

管理階層對財務報表之責任

管理階層之責任係依照財團法人法、全國性社會福利財團法人會計處理及財務報告編製準則、商業會計法、商業會計處理準則中與財務報表編製有關之規定暨一般公認會計原則編製允當表達之財務報表，且維持與財務報表編製有關之必要內部控制，以確保財務報表未存有導因於舞弊或錯誤之重大不實表達。

於編製財務報表時，管理階層之責任亦包括評估財團法人台灣兒童暨家庭扶助基金會繼續經營之能力、相關事項之揭露，以及繼續經營會計基礎之採用，除非管理階層意圖清算財團法人台灣兒童暨家庭扶助基金會或停止營業，或除清算或停業外別無實際可行之其他方案。

會計師查核財務報表之責任

本會計師查核財務報表之目的，係對財務報表整體是否存有導因於舞弊或錯誤之重大不實表達取得合理確信，並出具查核報告。合理確信係高度確信，惟依照一般公認審計準則執行之查核工作無法保證必能偵出財務報表存有之重大不實表達。不實表達可能導因於舞弊或錯誤。如不實表達之個別金額或彙總數可合理預期將影響財務報表使用者所作之經濟決策，則被認為具有重大性。

本會計師依照一般公認審計準則查核時，運用專業判斷並保持專業上之懷疑。本會計師亦執行下列工作：

1. 辨認並評估財務報表導因於舞弊或錯誤之重大不實表達風險；對所評估之風險設計及執行適當之因應對策；並取得足夠及適切之查核證據以作為查核意見之基礎。因舞弊可能涉及共謀、偽造、故意遺漏、不實聲明或踰越內部控制，故未偵出導因於舞弊之重大不實表達之風險高於導因於錯誤者。
2. 對與查核攸關之內部控制取得必要之瞭解，以設計當時情況下適當之查核程序，惟其目的非對財團法人台灣兒童暨家庭扶助基金會內部控制之有效性表示意見。
3. 評估管理階層所採用會計政策之適當性，及其所作會計估計與相關揭露之合理性。

independent of the TFCF in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Foundations Act, the National Social Welfare Consortium Accounting and Financial Reporting Standards, the Business Entity Accounting Act, and the Regulation on Business Entity Accounting Handling, the provisions relating to the preparation of financial statements and generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the TFCF's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the TFCF or to cease operations, or has no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

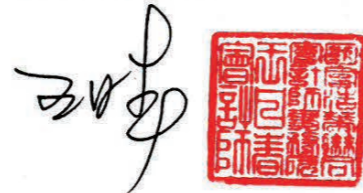

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

4. 依據所取得之查核證據，對管理階層採用繼續經營會計基礎之適當性，以及使財團法人台灣兒童暨家庭扶助基金會繼續經營之能力可能產生重大疑慮之事件或情況是否存在重大不確定性，作出結論。本會計師若認為該等事件或情況存在重大不確定性，則須於查核報告中提醒財務報表使用者注意財務報表之相關揭露，或於該等揭露係屬不適當時修正查核意見。本會計師之結論係以截至查核報告日所取得之查核證據為基礎。惟未來事件或情況可能導致財團法人台灣兒童暨家庭扶助基金會不再具有繼續經營之能力。
5. 評估財務報表（包括相關附註）之整體表達、結構及內容，以及財務報表是否允當表達相關交易及事件。

本會計師與治理單位溝通之事項，包括所規劃之查核範圍及時間，以及重大查核發現（包括於查核過程中所辨認之內部控制顯著缺失）。

會計師：

民國 109 年 3 月 27 日

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TFCF's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the TFCF's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the TFCF to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
