Move Forward and Break New Ground

As the world enters the post-pandemic era, looking back at the past three years, we have always maintained a cautious attitude despite the problems brought by the pandemic. Under the ever-changing challenges, our mission to deepen services in Taiwan and internationally remains unchanged. We continue to assist vulnerable children in their journey towards independence and growth.

In 2022, we welcomed Mr. Rick Chou as the 10th CEO of Taiwan Fund for Children and Families (TFCF). With a background as a social worker, director, and department head of Social Work Department, he embodies the spirit of serving others and upholds the principles of localized implementation and refined services. His solid practical experience allows us to witness his unwavering dedication to protecting children. In the face of the challenges of social work in the new era, he will lead our organization to make steady progresses, serve the underprivileged children and bring a better future.

In 2022, we also celebrated the 35th anniversary of our involvement in child protection and international services. Since 1987, we have been dedicated to child protection work, advocating for legislative reforms, actively assisting children and rebuilding families, and promoting notification and advocating prevention. Over the past 35 years, we have accompanied over 90,000 impoverished children abroad in their journey towards independence through our 7 overseas branch offices and a global sponsorship network in 34 countries. We also launched our International Community Resilience Program which was awarded with a gold medal of SDG11 Sustainable Cities and Communities category at the 2022 Taiwan Sustainability Action Award (TSAA). From Taiwan to the world, we always uphold our mission to help people in need and strive to make a real difference in the lives of children and their families.

For over 70 years, TFCF has been providing assistance to vulnerable children, ensuring their stable lives through assistance for families, child protection, foster care, and alternative care programs. Regardless of future changes in the economy or the environment, we will continue to keep pace with the times, adjust our service models and emphasize the principles of digital operations and management.

In the face of the challenges posed by the post-pandemic era, it is crucial that we implement our service work, deepen our commitment to children's rights and unite our efforts to break new ground to keep TFCF embracing the new milestone.

實踐兒權 永續承諾

感謝董事會的託付與引領，也感謝歷任執行長의付出與貢獻。大堯接任家扶基金會第十任執行長一職，是肯定也是責任的延續，期許帶領團隊以穩健步伐陪伴國內外弱勢兒少及其家庭，走過生命中最重要的一段路。

2022 年，我們持續推動「家庭扶助」和「兒童保護」兩大核心工作，建構最適切的各項方案服務模式，為國內兒少及其家庭提供了家庭扶助、保護服務、親屬 / 寄養 / 機構安置等服務方案，全年受益的家庭及兒少人數分別為 6 萬 7,163 戶、10 萬 5,185 人。

在兒童權益的實踐上，我們不僅參與國家人權委員會、臺中市兒童及少年福利與權益保障促進委員會議，積極關注兒保議題，更透過全台串聯活動，邀請社會大眾一起響應，關懷遭受不當對待的兒少。同時也深化社區工作，繼 2018 年台北家扶中心成功轉型服務為「台北青角」後，接續在台南推動青少年服務據點「青力屋」，除了提供青少年學習與發展各項能力的平台，更關注社區內兒少相關議題，提供預防性與治療性的服務，持續為弱勢兒少發聲倡議，累積脫貧能量、邁向自立。

在組織治理與永續發展上，我們精實團隊管理，強化橫向與縱向的溝通管道；在國際服務上持續呼應聯合國永續發展目標 (SDGs)，並在企業資源合作上導入 ESG 的趨勢，營造創新永續、數位發展的服務模式。

感謝每一雙默默付出的雙手，陪伴我們一起走過動盪不安、嚴峻挑戰的時刻，讓我們看見更多曙光。盼與每一位參與家扶的你，共善、共好、共同努力翻轉生命的奇蹟，讓服務遍及每一個需要的角落，為國內外的兒少創造更美好未來，好家再有您。

Practicing Children's Rights & Committing to Sustainability

I would like to express my gratitude to the Board of Directors for their trust and guidance, as well as to the previous CEOs for their dedication and contributions. Being the 10th CEO of Taiwan Fund for Children and Families (TFCF), it is an honor for me to be recognized and I will carry on the responsibilities. I will lead the team to support vulnerable children and their families both domestically and internationally steadily and accompany them through the most important journey of their lives.

In 2022, we continued to promote our two core initiatives: "Assistance for Families" and "Child Protection." We established the most suitable service models and implemented various programs to provide assistance for families, protection services, and relative/foster care/institutional placement services for vulnerable children, youth and their families in Taiwan. A total of 67,163 households and 105,185 individuals benefited from these services this year.

In our commitment to practicing children's rights, we had not only participated in the meetings held by National Human Rights Commission and Committee of Promotional Team for Children and Youths Welfare and Rights, Taichung City Government, but also organized nationwide events to raise public awareness and concern for mistreated children. Additionally, we have also deepened our community work. Following the successful transformation of the Northern Taipei Branch Office into "Taipei Youth Corner" in 2018, we have extended our efforts to Tainan with the establishment of the "Youth Power Home", a service center for youth. Apart from providing a platform for youth to enhance their learning and development abilities, we also focus on addressing relevant issues concerning children and youth within the community. We offer preventive and therapeutic services, continue to advocate for disadvantaged children, and accumulate resources to empower them to be self-reliant.

In terms of organizational governance and sustainable development, we have implemented efficient team management and strengthened both horizontal and vertical communication channels. In our international services, we continue to align with the United Nations' Sustainable Development Goals (SDGs) and incorporate the trend of ESG (Environmental, Social, and Governance) in our corporate collaborations. This creates innovative and sustainable digital service models.

We express our gratitude to those people who contribute and accompany us through turbulent and challenging times and bring us hopes. We hope to work together with every one of you involved in our work to promote the concepts of common good and sharing good and transform lives of vulnerable people. We expect that our services will reach to everyone in need and create a brighter future for children both domestically and internationally. It's all because of you and thank you for being with TFCF.

健康維持

為重視兒少的營養補充與均衡，隨著時代變遷、飲食習慣的改變，兒少營養品日趨多元與多樣化，自 2018 年起將實物供給改為現金補助，以更具彈性的方式回應兒少家庭不同的需求。2022 年提供 2,372 份家庭認養用於健康維持，共計 1,210 戶家庭、1,609 人受益。

急難救助

針對遭逢變故，導致生活陷於困境的家庭，提供最適切與即時的幫助，協助家庭儘早可以返回生活常軌。然而 COVID-19 疫情爆發至今，對弱勢家庭而言，抵禦風險衝擊的能力相當有限，本會也進一步提供疫情急難協助、防疫津貼 / 物資等服務穩定其生活。2022 年共計提供 3,474 戶次急難救助服務。

家庭支持性方案

隨著社會環境改變，家庭需求多元，本會辦理各項家庭支持性服務，協助家庭運用社區資源，增進家庭親子正向互動關係、豐富兒少成長經驗。2022 年辦理團體輔導 814 次、16,870 人次參與；營隊 / 體驗活動 93 場次、3,839 人次參與；家庭活動 310 場次、18,545 人次參與；兒童關懷夥伴服務 2,076 人次。

自立家庭追蹤關懷服務方案

秉持「陪伴走向自立安穩路」的服務理念，期能減緩扶助家庭面臨全戶停止扶助後對家庭之衝擊，為使扶助家庭自立過程更平順，提供為期一年的追蹤關懷服務，適時提供資源，以協助家庭突發事件的因應，增加自立家庭生活穩定。2022 年共計追蹤 1,585 戶、結束追蹤 829 戶。

居家生活環境改善計畫

本會扶助家庭大部分居住在環境髒亂、狹小的空間裡，其中 65% 的家庭時常擔心房屋漏水而無法安穩休息、15% 沒有自來水、6% 使用不乾淨的水；冬天對經濟弱勢家庭而言也是一大考驗，11% 的家庭沒安裝電熱水器，洗澡時僅能以燒水方式進行身體清潔、12% 沒有瓦斯爐、52% 沒有熱水瓶、近 10% 沒有床等等。

長期處於這樣的環境中，兒少及其家庭成員都容易出現身體健康狀況，進而影響日常生活。為改善扶助家庭生活品質，本會自 2022 年開始，提供家庭房屋修繕、管線維修、老舊家電設備汰換、必要家庭用品添購補助等等，期待改善其生活品質，穩定居家安全與日常生活。2022 年提供 203 戶此計畫補助。

Emergency Relief

We provide the most appropriate and immediate assistance for families who suffer from an acute family crisis, so that families can go back to normal as soon as possible. However, since the outbreak of COVID-19, the ability of vulnerable families to withstand the risks and impacts has been quite limited. TFCF has further activated services such as emergency assistance, pandemic prevention allowances / materials and other services to stabilize their lives. In 2022, a total of 3,474 households were provided with Emergency Relief Services.

Family Supporting Program

As the social environment changes and family needs become more diverse, we provide various family support services to help households to utilize the community resources, enhance positive parent-child interaction and enrich childhood experience. In 2022, we organized 814 group counseling sessions with 16,870 attendance; 93 camps / experience activities with 3,839 attendance; 310 family activities with 18,545 attendance; child care partner services with 2,076 attendance.

Self-Reliant Family Follow-Up Program

Adhering to our service concept "accompany children towards self-reliant", we provide one-year Self-Reliant Family Follow-Up Program. We hope to alleviate the impact on the family who has no financial assistance at the beginning of self-reliance through providing resources in a timely manner to assist families in responding to unforeseen events and increase stability in their self-sufficient daily lives. In 2022, a total of 1,585 households was tracked, and 829 households were confirmed the service to be terminated.

Living Environment Improvement Program

Many of the families we assist live in dirty and cramped spaces. 65% of them often worry about leaks in their houses which prevents them from resting peacefully, 15% do not have access to tap water, and 6% use unclean water. Winter is also a challenge for economically disadvantaged families. 11% of them do not have an electric water heater, so they can only take a shower by boiling water, 12% do not have a gas stove, 52% do not have a hot water bottle and nearly 10% do not have a bed.

Living in such conditions for a long time can lead to health issues for both children and their family members, which can affect their daily lives. To improve the quality of life for these families, we have begun providing subsidies since 2022 based on their actual needs, such as house repairs, pipe maintenance, replacement of old appliances, and the purchase of necessary household items. We hope to improve their living standards and provide a stable and safe living environment for their daily lives. In 2022, we provided the subsidy to 203 households.

Study Resources

To stabilize the learning needs and development of children and youth, this program provides subsidies for necessary learning materials, after-school programs, digital devices and other related items. We hope that children and youth will not be hindered in their future career development due to the lack of learning resources. In 2022, there were 53,985 resource supplements provided, and the highest distributed level was the elementary schools about 57% of all, followed by 23% in middle schools, , 11% in high school and 9% in kindergartens. 少年展力計畫

一開始的我不太知道如何與人溝通，但參加完展力後，我漸漸發現自己有所突破，不再像過去一樣，展力方案也在很大一部分改變了我對於事情的態度，使我不再畏懼不擅長的事物，更勇於挑戰突破自己，將來我也會好的將在這一年之中學到的一切技能與精神運用在未來，記住這份感覺，感染更多人，讓這個正面的影響循環著。

其中，花蓮家扶幸福小舖第一次在獨立室內展覽「植感·丹寧的姿態」，「植感」代表著家扶陪伴弱勢家庭挑戰自我，展現生命的韌性質感，也代表著將植物的生命力與丹寧材質融合，賦予廢材生命，展現出多元的姿態。這次的展出也為團隊帶來了正向回饋與肯定。

各階段能力培養

Children and youth are great assets for contributing to national development. Providing them with a safe living environment and ensuring their healthy growth is not only the responsibility of every family, but also an undeniable responsibility of both the government and society. Child and youth protection has always been an important mission of TFCF. Foster Care and Kinship Care Service

寄養安置服務

Foster Care Service

寄養安置服務是兒少福利中替代性服務之一，當父母罹患重病、入獄，或照顧者不適任親職等因素時，透過政府公權力介入並由專業社工評估後，安排適合的寄養家庭，為兒少提供一個有計畫期間的替代性照顧－溫馨的避風港，提供照顧與陪伴，讓兒少得以健康快樂長大，早日重返正常生活。

Foster care service is one of the alternative services in child/youth welfare. When parents suffer from serious illnesses, are incarcerated, or are deemed unfit to care for their children, the government intervenes through its public authority and arranges suitable foster families after professional social work assessments. This provides children with a planned period of alternative care. We offer care and companionship which help children grow up healthily and happily and return to normal life as soon as possible.

Kinship care is a family-style alternative service. When a major incident occurs in a child's original family, and they are no longer able to provide care or if it is deemed inappropriate for the child to continue living with them, the government conducts a professional assessment and gives priority to placing the child with appropriate relatives for care, nurturing, and protection.

The effects of child sexual exploitation are diverse and complex. The placement objects are usually young girls who have been found by Social Affairs Authority or Police while engaging in sexual exploitation, or who are suspected of being sexually exploited.

In 2022, we assisted 9 needy teenager girls with emergency or long-term placement services. TFCF provided the service including accommodation and security protection, general counseling and education, medical services and health education counseling, family restoration counseling, psychological counseling, mental trauma counseling and treatment, etc. We are here to help them heal their sorrow, relieve pain and rebuild hope for future.

台東家扶中心 – 永康部落暑期兒童音樂營 Summer Children's Music Camp of YongKang Tribe by TFCF Taitung Branch

2022 年，台東永康部落青年自學吉他，且嘗試規劃一場永康部落暑期兒童音樂營，開始在天堂夢教室陪著幾位部落兒少進行吉他、爵士鼓、電子琴的學習。孩子們從平時躁動不安、到可以坐上爵士鼓穩定敲打；或是一直吵著按弦好痛不要彈吉他了，到可以彈唱完整首歌，對於永康部落的兒少而言，是很不容易的過程。

他們努力克服了這些挑戰，在台上展現了自己最佳的演出。這段美好而難忘的過程，也因著部落青年堅持著曾經在活動中心許下的初衷，從自身學習，到陪伴及教導，用自己的經驗讓孩子們看見，只要願意，終會看見夢想實現。

澎湖家扶中心 – 學校暨社區認養 School & Community Sponsorship Program by TFCF Penghu Branch

職業訓練 249 人

Vocational Training

As far as families under the poverty line are concerned, the daily expenses, such as bills for water and electricity, food, house rent and tuition fees for children, are the major causes of economic stress. Monthly subsidies in cash or in kind are provided by TFCF, so that families could catch their breath under the immense economic stress. Through social workers, we identify the strengths of families and encourage them to secure stable employment and increase household income to improve the living environment for children and youth. In 2022, TFCF provided daily supplies in line with the respective conditions of the countries and families in Mongolia, Kyrgyzstan, Eswatini, Vietnam, Jordan, and the Philippines, creating impacts to an estimate of over 53,499 households.

而突發急難事件的發生，對貧困家庭來說，更是雪上加霜，包含緊急醫療、喪葬、重大意外事件等，本會第一時間提供支持與協助，2022 年共提供 393 案，其中以醫療協助占 63% 比例最高。

隨著時代變遷，缺乏一技之長的家長僅能從事勞動密集產業，或擔任缺乏保障的臨時工，難以提升家庭收入。為改善此困境，2022 年共計提供 249 名家長與學生參與職業訓練。在吉爾吉斯提供 IT 方案、家長縫紉班、美容美髮班；史瓦帝尼提供縫紉班與家庭工業班；約旦提供木工班、美容美髮班、香氛皂班、包裝工作坊、社群媒體行銷班、社區廚房等；菲律賓提供烘焙培訓班。

為使扶助家庭有安全且穩定良好居住品質，2022 年協助 234 戶家庭整修或重建住所，其中蒙古中心提供 22 戶家庭蒙古包、24 戶家庭蒙古包物件，提供樹苗予 164 戶家庭種植進行綠化活動。吉爾吉斯、史瓦帝尼、約旦及菲律賓中心共協助興建或修繕 48 戶房子，改善家庭居住環境。

特色方案「吉爾吉斯－牲牲不息」，藉由家庭的農畜專長，用牲畜的生產循環，讓更多擁有此專業的家庭獲得生財工具，減緩民生負擔。2022 年吉爾吉斯中心新增購買 1 頭牛、8 隻羊，提供給 6 戶家庭；原先參與方案的家庭也將生產的部分牲畜回饋於其他 14 戶家庭。本方案全年度共計提供 14 頭牛及 50 隻羊。

For families in poverty, emergencies would plunge their conditions from bad to worse. Hence, TFCF offered its support and assistance promptly upon incidents of medical emergency, funeral services, critical accidents, etc. A total of 393 cases were supported in 2022, among which medical relief (63%) accounted for the majority.

As time went by, the parents that lacked skills could only work in the labor-intensive industries, or worked as temporary workers that lacked security, which posed challenges to household income improvement. To remedy the situation, vocational trainings were offered to 249 parents and students in 2022. The IT program, parent needlework program, and hairdressing program were available in Kyrgyzstan. 「糧食不安全」的狀況在開發中國家仍屬常見，尤其本會海外中心服務的偏鄉地區，取得食材的管道不多，價格落差大、貧困家庭僅能以最廉價之方式取得食材，使得攝取營養不均，扶助兒少的體重過輕或肥胖、身高低於平均值。

“Food insecurity” remained a common issue in developing countries, especially for the rural areas served by the TFCF oversea branch offices. The means to food were limited with huge price gaps. The families in poverty could only afford the cheapest food ingredients that rendered ill-balanced nutrition intake as well as wasting or overweight or stunting in sponsored children.

本會擬定營養改善方案，以補充扶助家庭糧食來源、促進營養均衡。2022 年在海外 7 個直扶國家發放超過 4,038 份食物包和食物券、136 公噸的白米、582 公噸的其他澱粉主食、5 公噸肉品、116,028 公升沙拉油、近 2,619 公升乳飲品、10,803 公升豆乳、942 份維他命營養品、5,653 公斤蔬菜水果；依據扶助兒少不同的需求，提供合宜的營養品。

當天災發生，農夫缺乏設備與資源，會使得食物危機加劇。而耕種仍是可以帮助扶助家庭確保食物安全的方式之一；因此，在史瓦帝尼發展「開心農場方案」，提供所需的資源：設備、菜苗、農藥、堆肥，以及耕種培訓，讓社區居民在社區空地種菜。

2022 年共有 6 個社區參與，總計收穫了玉米製作成 20 袋玉米粉、高麗菜 179 公斤、菠菜 102 公斤、生菜 66 公斤、洋蔥 25 公斤、青椒 38 公斤，以及甜菜根 48 公斤。部分收穫用於販售，並將部份所得讓幼兒園購買早餐食材或添購更多種子。在培訓方面，舉辦 22 場社區農場種植知識的訓練以及實作學習，共 118 人參與。

醫療服務與公共衛生方面，本會持續在蒙古、吉爾吉斯、史瓦帝尼、柬埔寨、約旦、菲律賓持續提供醫療照護，以回應當地醫療資源匱乏所衍生的醫療需求；亦透過衛生教育等途徑，持續增加服務對象的健康意識，共計提供 7,366 人的醫療服務。

TFCF came up with the Nutrition Improvement Program to complement the food sources and facilitate a balanced nutrition for sponsored families. Our 7 overseas branch offices distributed over 4,038 food packs and vouchers, 136 metric tons of milled rice, 582 metric tons of other starch-based staple, 5 metric tons of meat, 116,028 liters of cooking oil, nearly 2,619 liters of milk drink, 10,803 liters of soymilk, 942 servings of vitamin supplements, and 5,653 kilograms of fruits and vegetables in 2022. We provided appropriate nutritional supplements based on the specific needs of sponsored children and youth.

In the event of natural disasters, farmers lack equipment and resources, which aggravates food crisis further. Nevertheless, farming remains one of the ways to help sponsored families to secure food. Hence, “Happy Farm Program” was developed in Eswatini to supply necessary resources: equipment, seedlings, pesticides, composts, and farming training, so that community residents could farm at the empty spaces of the communities.

There were 6 communities involved in the program. A total of 20 bags of maize flour made from maize, 179kg of cabbage, 102kg of spinach, 66kg of lettuce, 25kg of onion, 38kg of green pepper, and 48kg of beetroot were harvested. Part of the harvests were sold, and some of the income was used to allow the kindergarten to purchase breakfast ingredients or buy more seeds. In terms of training, 22 sessions of farming knowledge and hands-on learning for community farms were organized with 118 participants in total.

As for medical and public health services, TFCF continued to provide medical care in Mongolia, Kyrgyzstan, Eswatini, Cambodia, Jordan, and the Philippines to meet the medical needs arising from insufficient medical resources locally. Also, through measures like health education, we continued to raise the health awareness of the beneficiaries. The medical services were accessed by 7,366 individuals.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards in of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the auditing standards in of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not

detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TFCF's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the TFCF's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the TFCF to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The engagement partner on the audit resulting in this independent auditor's report is Shu Fen Hung.
